Dear Mr. Emmons,

This letter is prompted by my concern over the presence of Babalu nightclub across the street from my flower shop at Allen and McKinney streets. I understand that Babalu wants a renewal of their SUP dancehall permit and I, as business owner in the area, would like to protest that renewal as I believe it is bad for the image of the neighborhood and has caused me and my staff to fear for our safety at night after ongoing violence and drug use related to it's patrons.

An establishment like this has the right to exist, but it should be moved to an area that is more suited to nightclubs of this kind. Please do not renew their dancehall permit.

Sincerely,

Michelle Weller
