

I am writing to protest the existence of Club Babalu on McKinney Avenue. This venue hinders the quality of life in the residential and commercial communities of McKinney Avenue. I currently own a townhouse in the area and would hate to Club Babalu to hinder my resale value. The littering, the reckless driving from patrons of the club and the valet staff, the overwhelmingly loud music, and the obscenities yelled at passers-by creates an unwelcoming environment. The back up of the cars lined up to valet causes major backups on Mckinney Ave. I avoid this area at night when walking and running because I do not feel safe walking past the club, and visitors to the area do not want to tolerate the obnoxiousness that stems from this environment. Please do not allow this venue to remain in its current location.

Please help us by closing this place,

Carrie Irwin
